Mr. Tom Jeffris  
The Jeffris Family Foundation  
P.O. Box 1160  
Janesville, WI 53547-1160

Dear Tom,

I knew the Historic Structure Report was a valuable document but, before embarking on this project, I did not understand how important a tool it would be for our interpretive staff, fundraising committee, and those of us that make decisions about the ongoing care and restoration of the building.

It has been one of the most rewarding projects that I have worked on at the Ellwood House.

Each member of the HSR team brought together compelling and useful information to get us all excited about the work. I'm so glad that you require the document as part of working with the Jeffris Family Foundation. I now realize why it is a requirement and see how valuable the HSR is for current work and future planning.

Thank you for your financial support, helpful advice, and access to your foundation's directors throughout the process.

Sincerely,

Brian Reis
